

## **JUST GLOBAL MARKETS LTD. RISK DISCLOSURE**

# **RISK DISCLOSURE**

Trading on the financial market is connected with risk. This warning is informative in nature and does not indicate that all the mentioned risks can occur directly on you. The main purpose is to inform the client on all trading and non-trading risks, which may take place while working on the financial market. First of all, identify the purpose of your deposit and never deposit sum, losing of which will cause a negative impact on your budget. Trading on the foreign exchange market is dangerous because of the possibility of uncontrolled loss.

## **Leverage**

The effect of leverage allows you to trade larger amounts of money than deposit. However, leverage can either work on your side or against you. At the same time, psychological factors have an important role. Some traders choose a big size of leverage to operate bigger sums. It creates the illusion of "unlimited profit opportunities without any risk", but actually, it is not always like that. A big volume of traded funds may bring great profit because of the leverage, but never forget that, along with the income, there is a big possibility of losing almost all the deposit. Leverage used by you for trading can significantly affect your trading account even if there is only a slight fluctuation in the rates for financial instruments traded. Carefully analyze and choose the size of the leverage that will help you avoid a high level of risk. You are aware of and shall fully assume all risks related to the leverage effect.

## **High volatility of financial instruments**

A big number of trading instruments that are traded on the financial market have a high intraday volatility, which can either bring profit or cause losses. You are aware of and shall fully assume the risk of loss sustained in connection with high intraday volatility.

## **Technical risk (risk, connected with technical equipment)**

In the course of trading operations, you may run a risk that may occur on your side, and shall accept a loss occasioned by such risk, in connection with:

- software failures;
- failures occurred in your communication systems, lost connection;
